

STUDENT INFORMATION

To understand how students will progress through a particular course, Westvic Staffing Solutions need an understanding of each student's Core Language, Literacy and Numeracy (LLN) Skills. These include the Core Skills in: Learning; Reading; Writing; Oral Communication and Numeracy.

The **Student Core LLN Skills Assessment** is a key component used in identifying student LLN, in comparison to the LLN requirement of a particular course.

The assessment and evaluation of **Student Core LLN Skills** will vary depending upon the type of course being offered, and the assessment requirements. Various methods may be used in this process, which are highlighted during student Registration and in the various course materials (as applicable).

QUALIFICATION / COURSE WITH ONGOING ASSESSMENT

Student results from the Core LLN Skills Assessment will feed into the **Core LLN Skills Review** and ultimately considered within the Pre-Training Review and Assessment. This will assist in informing us as to the suitability of a particular course for individual students. The Review will also include a meeting with your trainer/assessor where any LLN results will be discussed and various questions asked in an interview to help build a unique student profile. The final Pre-Training Review and Assessment will take into account the following key areas:

- student Core LLN Review results
- student vocational and study goals;
- any previous training;
- student expectations of the training;
- any assistance which the student believes they may need, etc.

To ensure that students are able to make an informed choice of training in a particular area of study, Registration for enrolment information and various course materials are published on the Westvic Staffing Solutions website. Information may also be provided at course information session(s), including but not limited to course fees.

These materials can be accessed at on our website www.westvic.org.au/do-you-need-training, or by contacting the Training Department on 03 5561 9000 or training@westvic.org.au.

SHORT COURSE (WITH ACCREDITED UNITS)

Student LLN will be evaluated as part of the Registration for enrolment process to ensure that the minimum LLN requirements are met to enable successful completion of the short duration course. Should additional LLN assessment requirements be determined, these will high-lighted on the course information, and will be advised to students via a separate email (as applicable).
